META 2026 — Sponsorships & Exhibitions

Trinity College Dublin • 14–17 July 2026

metaconferences.org • contact@metaconferences.org

About META

META is the leading international conference on *nanophotonics, metamaterials, photonic crystals and plasmonics*. Since 2002, it has brought together scientists and engineers shaping advanced electromagnetic and optical materials, from fundamentals to applications across communications, sensing, energy, health and manufacturing.

META's recent editions have set new records in reach and program size, underscoring its position as the major forum for this community. The 2026 edition in Dublin builds on this momentum with an expanded, highly curated program and an exhibition embedded at the heart of attendee traffic.

Scale	1000 participants in recent editions; record 975 participants from 42 countries and 144 technical sessions .
Scope	Nanophotonics, metamaterials, metasurfaces, plasmonics, photonic crystals, advanced EM media, mmWave/THz, and device/industry applications including quantum technologies, 6G communications, and biomedical imaging.
Format	Plenaries and keynotes, special symposia, tutorials, industrial workshops, exhibition, and networking events.
Venue 2026	Trinity College Dublin (14–17 July 2026), central campus setting with high exhibitor footfall.

Key Benefits for Sponsors

Strategic Advantages

- **Thought Leadership** – Position your organization as an industry pioneer
- **Brand Visibility** – Reach 1000+ international experts in your target market
- **Competitive Edge** – Showcase innovations alongside leading research
- **Market Intelligence** – Gain insights into emerging trends and technologies

Business Outcomes

- **Quality Leads** – Connect with serious buyers and collaborators
- **Partnerships** – Forge R&D collaborations with academic and industry leaders
- **Talent Acquisition** – Recruit top researchers and engineers
- **Product Feedback** – Get direct input from advanced users

Who Attends & What You Get

Attendee Profile

- **1000+ expected participants** from 40+ countries
- **Roles:** PIs/group leaders, senior R&D, device/test engineers, product managers
- **Focus areas:** nanophotonics, metamaterials/metasurfaces, plasmonics, photonic crystals, mmWave/THz
- **Decision makers:** 80% influence purchasing decisions

Sponsor Deliverables

- **High-visibility space placement** near sessions & coffee points
- **Website & program presence:** logo + company profile
- **Industrial Workshops** – Present to captive audiences
- **Quality networking** with international research leaders

Why Sponsor META?

- **Flagship community** – Connect with 1000+ top researchers and industry leaders
- **Speaking opportunities** – Workshops provide direct audience engagement
- **Prime location** – Exhibition embedded in high-traffic areas between sessions
- **Quality interactions** – Curated program attracts serious decision-makers
- **Flexible options** – Range of packages from €3,900 to €10,000
- **Proven ROI** – Past sponsors report high-quality leads and partnerships

Key Dates & Deadlines

Early-bird booking	20% discount if booked by 1 March 2026 (limited workshop slots allocated by tier)
Workshop scheduling	Platinum choose first, then Gold, then Silver; confirmations issued on rolling basis
Space allocation	Premium locations assigned based on sponsorship tier and booking date
Materials deadline	Logo and company profile due by 1 May 2026 for program inclusion

At-a-Glance

- **Venue:** Trinity College Dublin (historic campus setting)
- **Dates:** 14–17 July 2026
- **Audience:** 1000+ researchers, engineers, and industry leaders
- **Exhibition:** Space only - bring your own booth design
- **Pricing:** All prices include VAT
- **Early-bird:** **20% discount** if booked by **1 March 2026**

Sponsorship Level Comparison

Feature	Platinum	Gold	Silver
Space Size	18 m ²	12/9 m ²	9 m ²
Total Passes	6	4	3
Workshop	✓ (90m, prime)	✓ (60m)	✓ (45m, shared)
